William Wappler, Surgere's CEO, sets the company's direction by helping determine and communicate its vision, long-term strategy, and mission. He has over 20 years of experience directing and executing technology strategy and growth for global and Fortune 500 companies culminating with the presidency of a worldwide, leading software company in California.

William has a combined degree from Illinois State and the University of Illinois and an MBA from Northwestern University. Today, his focus centers on managing the rapidly growing scale of Surgere while supporting a strong organizational culture.

Surgere is an industry pioneer leveraging IoT technology to revolutionize the supply chain. Surgere knows the challenges and has engineered innovative secure technology, patented software, and certified hardware to consistently deliver 99.9% data fidelity. Surgere expands visibility into the physical supply chain supporting many of the world's leading industries.

We follow  
the tag.
